Our dream, our mission, our reality.

Quality through sacrifice is our priority at Mounts Vineyards. With this philosophy of excellence passing through three generations of wine-grape growers, it was our aspiration to extend it to our new family winery. In 2005 Mounts Family Winery was created and our first vintage was born.

Mounts Vineyards has been growing premium wine grapes for over 60 years in the Dry Creek Valley. Every block design brings together the unique orientation of hillside exposure, soil type, and depth. With each of these factors we determine our variety, the appropriate clone, and the most favorable root-stock. The careful planning and consideration that goes into developing our vineyards allows the vine to grow to its full potential for vine health and balanced canopy growth. From them, we achieve the greatest possible expression of fruit character, balance, and structure in all of our wines.

Our hope is that you will appreciate the wines we have nurtured from our estate vineyards. We anticipate you will take pleasure in every sip, share them with your friends and family, and savor memories that our wines help create.
